

A stylized banner for 'MONDAY'. The word 'MONDAY' is written in large, bold, black, distressed capital letters. The letter 'O' is replaced by a bright yellow ring with a black outline. Below the letters, there are several zombie-related elements: a white zombie head on the left, a green zombie head wearing a helmet and holding a rifle in the center, a green zombie head with a single eye and a wound on the right, and a scythe on the far right. The background is a light gray with some white speckles.

## MONDAY ALL OVER AGAIN ...

Monday: the day everyone loathes and just wants to get over with. But what if you have to live through the most annoying day of the week again and again and even a flux compensator can't help you? The answer to that question would come in really handy for Randal Hicks, our egomaniac anti-hero. Since he has, in an unfortunate coincidence of course, been struck by a terrible curse: He has to live through the same Monday over and over. Getting Randal out of this mess, breaking the curse and saving his best friend and/or the world is the challenge players face in Randal's Monday.

## THE STORY

It all starts with an engagement party. This is a reason to be happy, right? Well, only if Randal Hicks isn't your best friend. He gets his hands on Matt's engagement ring - totally by accident - and sells it in a pawnshop, to pay his debts. To paraphrase the wisest of old masters: A grave mistake he made. In his desperation over the lost ring, Matt commits suicide and Randal is trapped in a time-loop. Randal's task is clear: he must try to get the ring back and right his wrongs.

## RANDAL HICKS

I'm a pretty ordinary guy. You know? Your standard kleptomaniac, sociopathic notorious boy next door. I gotta admit, selling that ring wasn't the smartest move I've ever made, but what choice did I have? Old Marconi was breathing down my neck, so I needed the money. I mean, come on, who would've thought Matt overreacted that badly? Blame me all you want, but right now I have to sort out this mess to break the curse and save the universe or some shit.

## ADVENTURE-GAMEPLAY WITH LOADS OF REFERENCES

Randal's Monday was developed by Nexus Game Studios, Spain and is, to every geek's delight, full of geek and pop-culture references from the 80's, 90's and early 2000s. The game sports, aside from its classic Point&Click adventure gameplay a good dash of good humor. The icing on the cake takes the form of a selectable classic or modern interaction interface.

## FEATURES

Over the course of seven chapters players accompany Randal through a whole week of Mondays. Total playtime may vary: it depends wholly on the players and if they take the time to explore and tap into all references strewn across the game. Even though Randal has to go through the same day over and over again, even small changes he makes can have a huge impact on the Mondays to come: with the help of a simple marker a whole Sci-fi convention could be rescheduled.

Geek Nirvana: Locations like Randal's apartment, Charlie's comic book store or the Sci-fi Con feature (more or less useful) cult objects of the last 30 years. Every good Point&Geek adventure also needs a bar! Clayton's is where Randal, Matt and Sally celebrate the couple's engagement and where our story begins. In these and many other locations, players can take a good look around and discover various objects and puzzles.

## “GROUNDHOG DAY” MEETS “CLERKS”

A story that's easily a match for the blockbuster *Groundhog Day*. Just like Phil Connors, Randal is stuck in a time loop, but he ups the ante by reliving the most dreaded day of the week: Monday. Fans of Kevin Smith's *Clerks* will be delighted to hear that

the developers got their hands on Jeff Anderson. Yep, THE Jeff Anderson who plays Randal Graves in the cult-movies lends his voice to Randal Hicks, the protagonist of the game.

## JEFF ANDERSON VOICES RANDAL

„I got this show biz thing going on where I can only play Randals“, comments Jeff on the fact that he voices yet another Randal. This similarity of names, however, is no mere coincidence. The guys of Nexus Game Studios are great fans of both movies, Clerks and Clerks II. Randal Hicks is their very own nod to the films and one of many geek culture references.

### **SEASON'S GREETINGS FROM RANDAL**

"Merry Christmas, happy new year, may the force be with you and all that crap! If I get out of the time loop to see another Christmas, that is. Anyway, party hard into the next year and grab as many 'presents' as you can! Don't party too hard though. Never thought I'd say that, but trust me, you don't want to wake up with the hell of a hangover and the death of your best friend riding your back."
