

USING THE CURSOR AND NAVIGATING

Move the cursor around with the mouse.

The cursor allows you to interact with the environment.

Move the cursor where you would like Guybrush to go and 'Left Click' on mouse.

Back

Esc

USING THE VERB MENU

Press the **V** key or **Ctrl** to bring up the verb menu.

Use the Mouse to select which verb you wish to activate. With the verb selected, move the cursor (which will change to show which verb you have picked) over the object or person you wish to interact with and 'Left Click' on mouse.

The 'Right Click' on mouse will allow you to use a default action with an object. What this will be is shown in the bottom right of the screen.

Back **Esc**

USING THE INVENTORY MENU

Once you have an item in your inventory you can pull up the Inventory Menu with the **I** key or **Alt** key.

Use the cursor to highlight different items in your inventory.

Back **Esc**

USING THE INVENTORY MENU

If you wish to use or combine items in your inventory, first select a verb with the Verb Menu and then pull up the Inventory Menu. Use the Cursor to highlight the item you wish to activate, and 'Left Click' on the Mouse to complete the action.

Some items will allow you to use them with another item – either in the environment or in your Inventory Menu.

Back

Esc

USING THE HINT SYSTEM

If you are ever unsure what to do next in Monkey Island SE, you can bring up hints by pressing the **H** key.

These will start off being slight clues, and if you require further help, you can continue to press the **H** key for a more and more detailed description of what you should do next.
