Art Telephone A #SaveThePost Game

By: Ken Davidson

Ken Davidson

Twitter: @KDavidson925

In this game you will be creating a piece of art and sending it to a friend in the mail. This game was created as part of the #SaveThePost jam. You do not have to be good at drawing to play this game, just try your best. Here are the steps:

FIRST PLAYER

1. Create a piece of art. Anything will do. Painting, drawing, haiku whatever you want, as long as you can send it through the regular post. Private shipping is not allowed, it must be sent through the post.
2. Put instructions under "FIRST PLAYER CONTACT INFORMATION" on the next page for how you would like to be contacted by the tenth player. Only include a way that you would be comfortable giving to a stranger. Perhaps address is not best, instead they could take a picture of their last piece of art and send you an e-mail? If you're okay giving your address to ten people some of them potentially being strangers you can do so. Include that page with your piece of art in an envelope and send it to a friend.
3. Wait to see what your friends come up with.
4. You can send them this page too if you want.

For example, if you sent someone a piece of art like this graffiti art, they could make a piece of art with a pink wall. A white Rabbit, maybe someone on the telephone? Their choice!

Hello. You have received this piece of art as part of the game: Art Telephone. If you would like to check out this game for yourself it is available at davidson925.itch.io/art-telephone. Please take the included piece of art, it's yours! Now, create a NEW piece of art BUT you need to include one element of the art in your new piece. For example, if your friend sent you a landscape picture with a house, a tree, some people playing in a yard and the sun with some clouds you could make some art that includes a tree, but beyond that make whatever you want.

This game was created in order to encourage people to use the mail, and have fun with your friends. Here are the steps you should follow once you receive this:

1. Create a new piece of art with an element from the one you received.
2. Sign this paper
3. Send your piece of art, along with this paper through the POST (it can not be a private delivery service, you have to use the mail. Like the USPS for example) to a friend

That's it! Congratulations for the art you've received, I'm sure your friend will enjoy the art they are about to receive. If you'd like to see more of my games they are available at davidson925.itch.io
