

WITCH YOU WERE HERE

You are a witch. You know, the potion-brewing, stargazing type. You are creating a spell for time travel.

Every time you see something beautiful, mark it on the map on the other side of this postcard. Every beautiful thing is an spell component.

When you have gathered enough components (you'll know when), draw lines between them. This will create a time portal.

Every time you view the portal, you will time travel back to those beautiful things. Create as many portals as you want, the space-time continuum can handle it.
