Create Your Own!

Are you a master storyteller or do you feel extra creative today? Why not make your very own Structure? Just think of your favorite story and see how the cards can be used to tell it!

There's only one rule: The number of cards in Chapter 1 and the Finale should be the same as the number of players (5 players means 5 cards on Chapter 1 and 5 cards on the Finale). That way everyone gets to start and finish the story together!
