Stories of visitation and prophecy  
exist all throughout the world of  
legend and lore. This is a three  
player game that encompasses a  
year in the life of three children  
who have been visited by a divine  
spirit.

RULES 1

What would you do?  
Who would you tell?  
Who would believe you?  
Are you ready for when She  
returns?

RULES 2

Interpret each card you get individually and then discuss and build a rich world together. Play to tell your story. Answer the questions you get on your turn.

Ask questions of the other players when they have finished their prompt.

### RULES 3

Use the classic setting of the tale of Our Lady, or make up your own fantastical backdrop. Tell the story as you think it would unfold in the modern day, in the past, in a world completely different from our own.

### RULES 4

Take a moment before you begin the first season to decide together what framework you'd like to use. What ambiance would you like to evoke? Whose story do you want to tell?

### RULES 5

Play through the seasons knowing that in one year's time, She will return.

### RULES 6

Start in the Spring when The Lady first visits and continue through each subsequent season, Summer, Fall, and Winter until you draw the \*She Has Returned\* card. Then determine how you think your story would end.

### RULES 7

You've built this story together and you should end it together. Is there a conclusion that seems to fit the story you have created? What is dramatic, what is engaging? Discuss until you come to a conclusion that embellishes the mythology you've shaped.

### RULES 8

You can make the game as long or as short as you want simply by changing how many prompt cards you use per season (2 cards per person each season is recommended)
