

Expansion Pack

Installation Instructions

1. Unzip the Dark World Expansion folder
2. Move the 'DarkWorldContent' folder into your existing 'TowerFall Ascension' folder.
This will place 'DarkWorldContent' in the same directory as 'Content'.

Inside the folder should look like this when you're done

Name	Date modified	Type	Size
Content	4/11/2015 8:20 PM	File folder	
DarkWorldContent	4/12/2015 12:28 PM	File folder	
Gamepad_Config	4/11/2015 8:20 PM	File folder	
Keyboard_Config.xml	6/12/2014 11:11 PM	XML File	1 KB
ReplayExport_Config.xml	4/21/2015 8:39 PM	XML File	1 KB
SharpDX.DirectInput.dll	6/29/2014 11:18 PM	Application extens...	152 KB
SharpDX.dll	6/29/2014 11:18 PM	Application extens...	538 KB
TowerFall.exe	4/28/2015 4:25 PM	Application	1,758 KB

OS X Users: Ctrl + click 'TowerFall.app' and select 'Show Package Contents'. Navigate into the 'Contents' folder, and then the 'MacOS' folder to reach the location shown above.

That's it! Start playing and have fun!

I hope you enjoy playing the Dark World Expansion as much as we enjoyed creating it :)

-Matt
