

I saw it tangle with
a wolf and live

I saw it in a shed,
sitting on a pile of mail

I saw it attack someone

I saw it outsmart a trap
that had been laid for it

I saw it steal
something valuable

I saw it lay an odd egg

It watched me
commit a crime

I saw it eat a whole pie

I saw it reading a book

I saw it conversing
with a crow

It was my pet for a while
It gave me a gift

It chased me out of town

I saw it tangle with
a wolf and live

I saw it in a shed,
sitting on a pile of mail

I saw it attack someone

I saw it outsmart a trap
that had been laid for it

I saw it steal
something valuable

I saw it lay an odd egg

It watched me
commit a crime

I saw it eat a whole pie

I saw it reading a book

I saw it conversing
with a crow

It was my pet for a while
It gave me a gift

It chased me out of town

I saw it tangle with

I saw it in a shed,
