# The Supper - Art Book

## Thank you so much for buying this Art Book.

I started developing *The Supper* in November 2018.  
It's been the most challenging short game I've created so far.

First steps as an indie developer are always intimidating,  
but I've noticed we are an incredibly stubborn kind of creature:  
the only thing that gets us out of bed every morning is the desire  
to prove to some obscure pantheon of *Art Gods* that  
whatever we did in the past is nonsense compared  
to our new offering. Assuming, of course, that the new  
creature we created didn't eat us alive in the process.

So, here's *The Supper*: the little monstrosity that's been  
haunting my dreams these past 12 months. And this  
beautiful *Art Book* is my offering to you, dear supporter,  
as a thank you for your kindness and generosity!

Please, enjoy these pages where you can admire the details  
of all the backgrounds, animations and character designs  
behind *The Supper*.

**Thank you so much for your amazing support!**
