# Side Characters

A photograph of a busy Japanese street, likely in Tokyo, during a rainstorm. The street is filled with pedestrians, many of whom are holding open umbrellas. The buildings on either side are tall and modern, with various signs and advertisements. On the left, a yellow sign with the Japanese character '薬' (Medicine) is visible. In the center, a sign for 'atm' is partially visible. On the right, a large red neon sign advertises a '2013 SPRING SUMMER collection'. The overall atmosphere is one of a bustling urban environment.

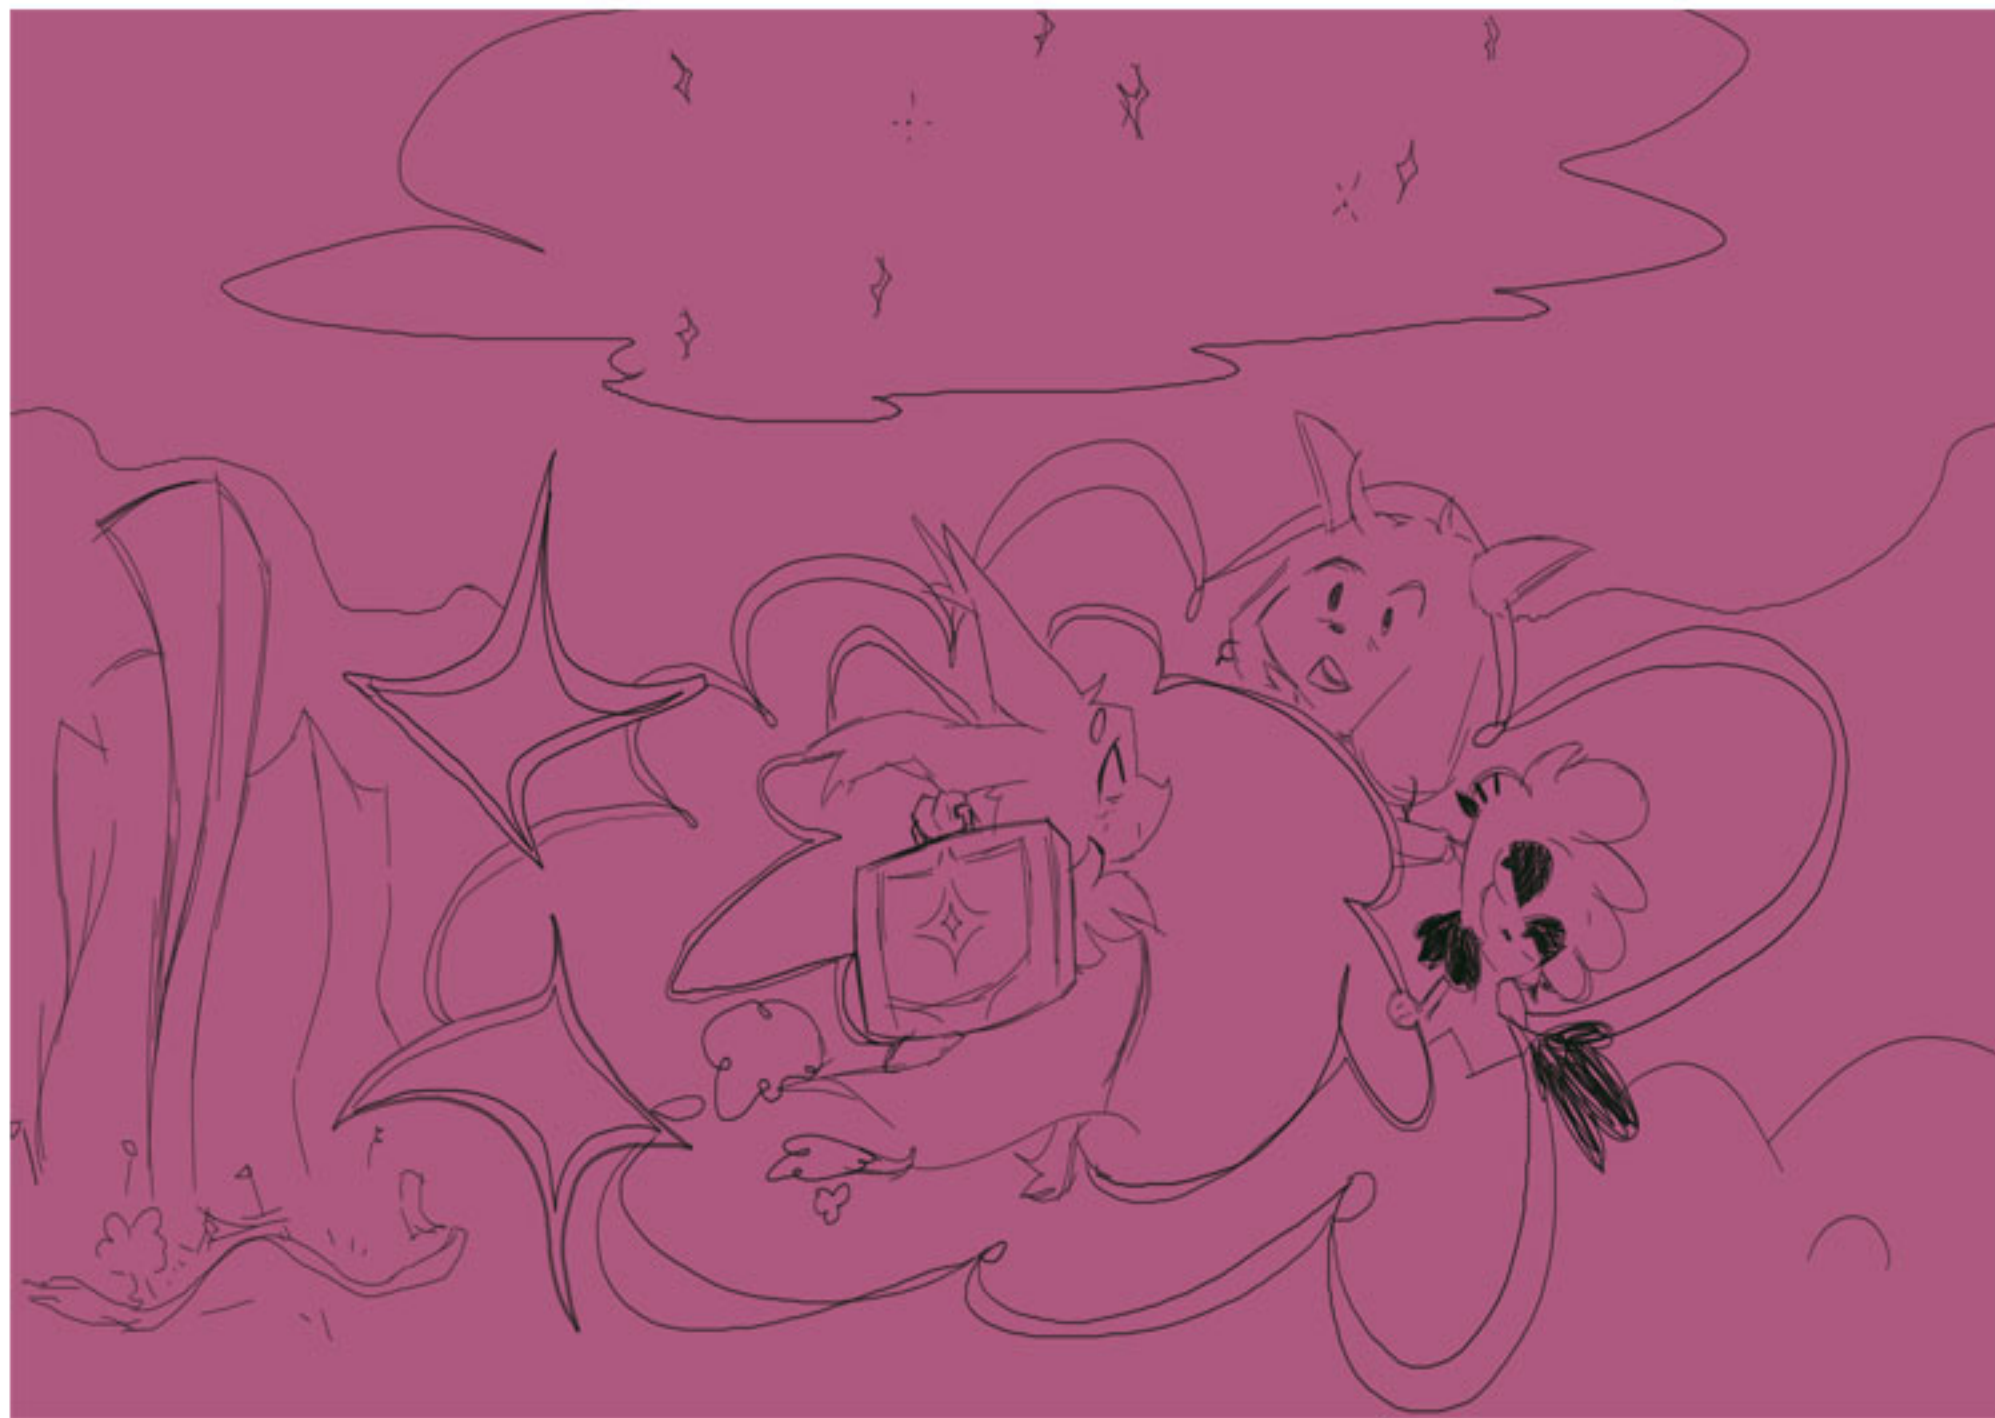

Design (Riley) - Aaron Yoder
